120 kgs weight capacity

Conceal and Reveal conveniently through Pop Up TV Lift Mechanism

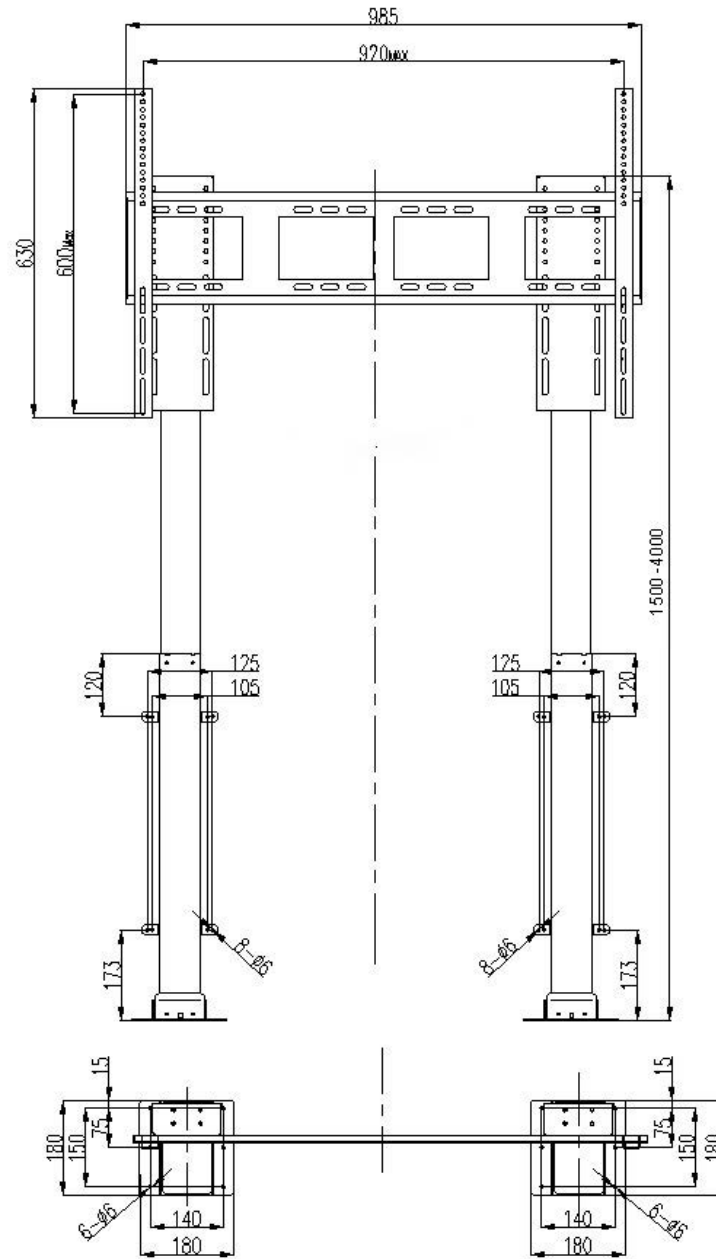

We have made the mechanism very convenient. Just by the click of a remote, you can reveal your TV from behind the cabinets. Similarly, through a single click, you can hide it. The high-quality materials used by Tono guarantee an unrivalled warranty. This is an additional benefit.

TV Lift for up-to 98 inch displays is very easy to operate. The beauty of the product is not limited to its cabinets. In fact, the mechanism of concealing and revealing the TV is very smooth and satisfying. The TV lift has the capability of handling a screen of up to 98 inches. Wider the screen, lovelier the experience.

Easy Installation of Pop Up TV Lift

The trickiest part of the TV lift mechanism is its installation. However, we at Tono have made it the easiest part. We have access to the most advanced and innovative technologies. Therefore, instead of disturbing you, our team swiftly assembles the Pop Up Tv Lift Mechanism at your doorstep. Even though it is a complicated task, our team will make sure that your flat-screen TV seamlessly fits into the cabinets.

If you wish to seek any clarifications regarding TV Lift for up-to 98-inch displays, you can contact us now!
