TL 65s Pop Up and Swivel TV Lift

Home Automation Control Included

Cabinet not included

The TL 65s pop and swivel TV Lift combines an impressive array of features within a compact, nearly silent, and high performance system. Its quiet motor system, seamless motion, and space-saving design make it an invaluable addition to our product lineup, preferred by numerous homeowners and AV integrators worldwide. Equipped with electric lid, the TL 65s offers flexibility in cabinet design for installers and customers alike. Additionally, the included base panel fixing bracket ensures a secure and polished cabinet finish. Thanks to its efficient design and versatile options, the TL 65s serves various purposes, with many customers opting to use it to discreetly conceal a display at the foot of a bed, within a living room cabinet, or seamlessly integrated into a kitchen countertop.

- Unique Electric Lid system that makes the TV top clean
- Customizable from 32-55" Displays
- Ultra Silent motor
- RS232 / CONTACT CLOSURE (RF VERSION AVAILABLE)
